Projects Designed

•	Boy Scouts of America Regional Volunteer Center	Atlanta, GA
•	Southface Eco Office	Atlanta, GA
•	Scotts Stadium, University of Virginia	Charlottesville, VA
•	Panther Arena, University of Wisconsin - Milwaukee	Milwaukee, WI
•	Playa Vista Visitor and Community Centers	Los Angeles, CA
•	Cancer Survivors Park	San Diego, CA
•	Garden of Champions	Palm Springs, CA

Project Management

•	Canada Line Light Rail Platform Lighting – Owner: SNC Lavalin	Vancouver, BC, Canada
•	Georgia Dome, Concourse Lighting – Owner: Atlanta Falcons	Atlanta, GA

Work Experience

Matt Hartley Lighting, Principal

July 2015 – Present

- Created a project database which resulted in a 30% increase in productivity, billing, and revision.
- Created a program to assist in aiming linear fixtures on curved surfaces, varying roll and tilt angles allowing for realistic design and renderings.
- Designed and built a 3D printer to assist in Rapid Prototyping of optical designs and educational tools which have been used several classes.
- Built a Spectrometer to assist in color measurements of LED sources.
- Completed over 2,000 designs ranging from simple offices to multi-million dollar building campuses.

SL Bagby, LLC

February 2015 – August 2016

Lighting Design Engineer

- Created a Project Database to track projects from inception to completion, which decreased job turn-around time by 15% and tracking errors by 30%
- Worked with the Design Team to create a master schedule to balance the line card while streamlining the design process.

 Assisted in creating new procedures for the Design and Technical Integration teams, which increased productivity by 25%

Energie International Collection

January 2009 - September 2014

Technical Product Manager

- Created a product modification program which linked Customer Service and Product Engineering together which reduced Bill of Material errors and duplicate entries by 75%
- Created a program to format IES files from European partners for the US market following a specific structure for all Energie fixtures, reducing the time to market by 75%
- Following a corporate downsizing event, successfully combined Customer Service, Product Development, and Sales Management into one role.
- Created and documented new procedures for Customer Service which increased productivity and order entry by 20%
- Developed a procedure and program to create a fixture in AGI32 using simple optical designs and converting them to usable IES files for design verification.

Peerless Lighting

September 2007 – October 2008

Specification Project Manager

- Managed the design for the Georgia Dome (Atlanta, GA) concourse lighting renovation that included a one-mile continuous fixture with a 1/8" variation where it connected to itself.
- Collaborated on a design for a transit fixture used in all the light rail stations in Vancouver, BC Canada for the 2010 Winter Olympics
- Created a program to manage modification which included real time updates through email which led to an increase of 25% in collaboration response time.

Lighting Analysts 2007

February 2005 - September

Manager, Customer Care

- Created a targeted testing program which decreased program errors by 50% and reduced time to market by 20%
- Assisted in development strategies for AGI32 and Photometric Toolbox
- Created 30 new objects for AGI32, which included 8 realistic male and female models.
- Researched day lighting conditions to be visualized in AGI32 ray tracing option based on existing day lighting conditions.

Lithonia Lighting 2005 January 1998 – February

Manager, Exterior Applications

- Managed an average of 8,500 designs per year for the group and was personally responsible for 2,500 of those projects.
- Created a program for logging projects submitted to Lithonia Lighting that reduced input and tracking errors by 35%

- Worked with the outdoor group on new fixture design from an application perspective which improved design efficiency by 30%
- Designed a program to convert over 100 sports lighting typical designs to a different fixture types to expand the offering to municipal customers on the Lithonia Lighting website.
- Assigned all projects to the group based on skill set and level of expertise.

Professional Associations and Community Involvement

- Street and Area Lighting Conference: Chairman, Educational Coordinator, Lead Instructor, Planning, Sub-Committee Member, Education Sub-Committee Member, Vice Chair (Past), Education Sub-Committee Chair (Past), Planning Committee Chair (Past)
- Illuminating Engineering Society Full Member, Associate Member (Past)
- Committee Member Illuminating Engineering Society: Education Review Council Member (Past),
 Outdoor Environmental Committee (Past), Merchandise Lighting Committee, Office Lighting
 Committee, Outdoor Nighttime Environment, Education Library and Office Committee
- Chairman Illuminating Engineering Society: Automotive Retail Sales Lighting Committee (Past);
 Education, Library and Office Lighting Committee
- Illuminating Engineering Society Mentor (Past)
- International Dark Skies Work Group Member: Model Lighting Ordinance (Past)
- Past Judge for Lightfair Innovation Awards
- Past Judge for the Brilliance Awards
- Past Judge for the Robert Bruce Thompson fixture design competition

Continuing Education Courses

- Achieve Global: Frontline Leadership Core Interpersonal Skills
- SEAK: How to Start, Build and Run a Successful Expert Witness Practice
- SEAK: How to Write a Bulletproof Expert Witness Report

Skills

- Time management and reading proficiency
- Strong verbal and written communication
- Critical thinking and research
- Analytical thinking and problem solving
- Leadership and interpersonal
- Commitment to task and attention to detail
- Supervisory
- Proven decision making
- Managing stressful work environment
