

Matt Hartley Lighting, LLC

Exterior Application Submittal Form

General Information

Information in this section is required:

Project Name: _____ Your Company Name: _____

Project Address: (City/State Acceptable): _____

If not included in your e-mail:

Phone: _____ E-mail: _____

Lighting Design Criteria

Lighting levels can vary from area to area. In most cases we will follow a default standard (IES, CIE) for lighting for your region for the type of application specified. If a specific criterion is required, please enter these values on page 2 of this form.

Project Type: Parking Lot Garage Facade Roadway Sidewalk Automotive Sales Gas Station Flag Airport Apron Other _____

- Current IES RP for Project Type Use _____ RP for Project Type Use Current CIE practice for Project Type
- Use specific criteria as specified on Page 2 of this form
- Use Lighting zones LZ0 LZ1 LZ2 LZ3 LZ4 LEED is required: Version _____ Use MLO
- Local ordinances are in use _____ If available, add link to ordinance in additional notes.
- Emergency exterior egress lighting layout is required (NFPA 101B 5.9). Please designate egress area on a drawing.

Drawings

- Please attach all drawings to the e-mail being sent for the design. Any files pertaining to the design should also be attached (schedules, electrical notes, local codes, etc...). Too much information is better than not enough.
- We can accept CAD files, PDF Files, and Image files (JPG, BMP, GIF). If you have a file in a different format, please contact us to see if we can work with it. In most cases we can. Other files may take longer when tracing is involved. It may be possible to open other formats.
- Please specify the areas to be calculated on the drawing. If a separate criterion is required for each area, please specify these areas on page 2 of this form.

If a simple design is required, Please provide the following:

Size of area: Length _____ Width _____ Height _____ Mounting Height of Fixtures _____

If an enclosed area : Surface reflectance Ceiling _____ Walls _____ Floor _____

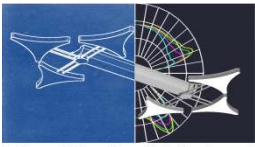

If more detailed information is required for separate areas, or specific surface finishes (colors) required, please list them on the next page for Specific Room Information.

Deliverables

All designs will include illuminance or luminance values, fixture types, and a calculation summary. If a custom logo is needed, please include it in an e-mail. Please check the following for additional output:

Luminaire Locations Rendering Heat Map Spill light Calculations Photo Realistic Rendering* Movie*

* Contact Matt Hartley Lighting for these items, additional charges may apply.

Specific Area Information

Use this area to add specific criteria to each room if needed. Separate fixture types by a comma, we will reference information on these fixtures
 Area Designation: _____ Specific Lighting Level _____
 If Roadway, Pavement Type: _____ Classification _____ Pedestrian Conflict _____
 If enclosed Surface Reflectance: Ceiling _____ Walls _____ Floor _____
 Use Fixture Types: _____
